New Paintings by Erick Johnson
Sept 18th - Nov 20th
Curated by Jennifer Riley

“What is Modern?” The idea for asking this particular question stems from questions asked by Columbus locals when discussing architecture. It seems that though Columbus is filled with modern buildings and art, that the reasons for why buildings and art became modern at all may not be much well understood. This exhibition allows a platform to pose the discussion.

“What is Modern?”
Panel discussion
September 18th
